Personal Computing Consulting:

Going crazy trying to integrate technology into your life? Don't know what to do with your digital pictures? Want to preserve memories, recipes or make a home inventory for insurance purposes? Taking advantage of technology will help you manage your hobbies, home and family better than ever leaving you with more time to enjoy life. Thinking of starting a home business but don't know where to begin?

Just wish you could have a few more hours in the day for quality time? It is all possible. Just by adding a little technology to your life. Want a PC but don't know what to buy? DSL, Cable Modem, Dial-Up, home networking? We provide advice, set up and training for the whole family. Just want to learn one thing—no problem. We are here to help.

Call today to discuss your wish list and we will make it happen!

**MANY SERVICES
CAN BE HANDLED
OVER THE TELEPHONE**

Rates range from
\$25 to \$100 per hour

Senior Focus:

Seniors today have a tremendous opportunity to use technology to gain independence, confidence and security like at no other time.

Technology provides access to health information and advice and supports people with impaired vision, hearing and mobility.

The ability to shop, bank and communicate online increases seniors' reach to services and provides them with an expanded support structure.

A simple cell phone can provide confidence and safety. We pride ourselves on helping seniors regain lost independence and reviving interests.

Got a Question or Problem?

We are here to help you find the resolution to your problem or information you are seeking. We'll do the research, make the calls, assist you however we can. Some examples of assistance services:

- Healthcare Claims & Services
- Local Services & Assistance
- Online ordering of merchandise (shopping)
- Hard to find items or parts—we can find 'em
- eBay: buy & sell assistance
